

Liz & Dave's Evening Run July 24th 2019

Liz & I enjoyed organising the July evening run.

On a fine [Wednesday evening](#) in glorious sunshine, we started at the site of the Puesdown Inn which we thought was unoccupied but to our surprise it's in the hands of a property sitter, who enquired what we were doing. They were absolutely superb & opened up the old pub for us to use the facilities.

The first car was away [at 6.15 pm](#).

Seventeen cars started the run taking them around the North Cotswolds on a run of 26.1 miles finishing at The Thames Head Inn, Kemble.

Unfortunately we lost one MG with a breakdown, apparently being transported home by the RAC. We managed to get in front of some of the vehicles to take photos, sorry for those we missed.

Everyone I hope enjoyed the evening run, the meal & the weather.

Thank you to all members that took part & made it a very enjoyable evening
